Special meeting of C. B. Gates Woman's Relief Corps this evening.

Can anyone tell us what is the matter with the fish that have been so numerous and so easily caught since the water began to recede? The fish, for a reason that seems unaccountable, seem to want to come to the surface, and are easily killed with an oar or stick. The boys have been busy catching the fish in the manner stated. It is said by those who have had the occasion to notice, that the water seems to be foul as well as very muddy.

Nicknames will hang on, and to prove how thoroughly they will be grounded in some cases we refer to the Marietta Directory just issued, wherein the name of Frank Lasure appears as Frank "Smiler." He is the only one of the Smiler family in the city.

Washington County Medical Society will meet on Friday, the 31st, at one o'clock, at the office of Dr. J. D. Cotton.

Mr. H. B. Nyé and family, of Cleveland, arrived in the city Saturday evening last, on a visit to relatives.

Beverly—Waterford.

Morris McKee, a man about 30 years old, was drowned while trying to swim across Olive Green, at the mouth of Reasoner's Run, Friday noon. He was an excellent swimmer, but the distance was fully 1/4 of a mile and it is supposed he became too much fatigued to reach the shore. The body was found in about 13 feet of water by Walter Shinn and Lem. Steers. The funeral was held Sunday at Blakes Dudley. He leaves a wife and three small children.

The flood of last week has not its equal since 1875. The water was higher in '84 and '91, but being in the early spring, the damage was light compared with the flood of last week. All the crops on the bottoms were damaged, whole fields of oats and corn were washed away. The water in Wolf Creek and Olive Green were higher than any flood since 1875. The loss can not be specified, but it will probably run up into the thousands on each of the above named streams. There was 25 feet of water in the channel at Beverly, which flooded some of the cellars on/low ground. The power for the electric lights was shut off by the flood Friday and Saturday night. At Ridge weather station 3.67 inches of water fell from midnight Thursday until Friday evening, the greatest rainfall since the station was established in 1880.

Miss Ella, the second daughter of Frank Klinger, died Friday of consumption. The funeral was held Saturday. Mr. Klinger's entire family, consisting of wife and six children, except one daughter, are gone. Four died within six years. Miss Ella was dearly loved by all her school mates. C. F. S.

Assault Case at Elba.

The village of Elba, a few miles up the C. & M., is worked up over an assault that was committed there Saturday evening. According to the story of Thomas Gildow, the victim, who is a well respected young man, he was out walking with a young lady, when he was accosted by Howard and Henry Waller and Shult. Harlow. Upon stepping to one side to see what they wanted, he was, he alleges, assaulted in a vicious manner and knocked down, the three assailants beating and kicking him.

Gildow was in the city Monday seeking legal advice. His face was bruised and mutilated in a shocking manner and gave plain evidence of the treatment he had received. He stated that the two Wallers had pleaded guilty to assault and battery before a Justice of the Peace and were fined \$20 each. Harlow will have a hearing Wednesday. Attorneys L. W. Ellenwood, for the prosecution, and R. A. Underwood, for the defense, will try the case before the Justice at Elba.

Just What's Needed

Exclaims thousands of people who have taken Hood's Sarsaparilla at this season of the year, and who have noted the success of the medicine in giving them relief from that tired feeling, waning appetite and state of extreme exhaustion after the close confinement of a long winter season, the busy time attendant upon a large and pressing business during the spring months and with vacation time yet some weeks distant. It is then that the building-up powers of Hood's Sarsaparilla are fully appreciated. It seems perfectly adapted to overcome that prostration caused by change of season, climate or life, and while it tones and sustains the system, it purifies and vitalizes the blood.

But He Didn't.

Frank Locke went to Corning to act as catcher for that club in its game against Marietta yesterday. He will endeavor to bring Pitcher Jack Taylor back with him.—Zanesville Times Recorder.

Burdock Blood Bitters never fails to cure all impurities of the blood, from a common pimple to the worst scrofula sore.

IN getting up a wedding trousseau, think how many women are tired out: Dress-makers, seamstresses, "shop-girls," milliners—all hard-worked and weary over it: to say nothing of the young lady herself sitting or standing all day in the hardest kind of work; it gives you no healthy well-balanced exercise; part of the body is overworked and the rest of it is under-worked. The system grows sluggish, the appetite is poor, the stomach is out of order; the bowels are constipated, you have headaches and dizzy spells. It's impossible for you to take as much out-of-door exercise in the daylight as you need. The best help you can have in the circumstances is a simple laxative medicine like Doctor Pierce's Pleasant Pellets. They will, as nearly as any medicine can, supply the want of free exercise which is lacking in all in-door work. They cure dyspepsia, biliousness and constipation in a pleasant, gradual, natural way. There is no gripping or weakening effect with the "Pleasant Pellets;" they act surely but gently; they promote liver-action, and give tone and strength to the stomach and intestines to do their own work. When you become regular the "Pellets" can be stopped. You don't have to take them forever. The cure is permanent.

Dr. Pierce's Pleasant Pellets are small sugar-coated granules, agreeable to take. Children like them. If the druggist wants to sell you some other pills that pay him better, just think of what pays you. You will receive a sample package free if you will send your name and address to the World's Dispensary Medical Association, Buffalo, N. Y.
